- MATH:** Rote counting to 20. Writing the numbers 0-10. Counting groups of objects to 10 in order to tell how many. Identifying whether one group is greater than, less than, or equal to another group.
- READING:** Print concepts and reading behaviors (parts of a book, the reading direction, tracking print, the difference between a letter, a word, and a sentence). **Matching pictures to text. Reading with a purpose.** In Letterland, we will finish our "FastTrack" this week. Students should know all the LetterLanders, sounds, actions, and letter names.
- WRITING:** We are writing (drawing with labels) friend books. The students conduct an interview of one of our new friends each day to get to know him/her better and then we draw about them.
- SOCIAL STUDIES:** How to be a good citizen at home, school, and in the classroom.

Homework Notes

Reading: Please read nightly with your child and include it on the reading log. While reading, ask your child to show you where to begin reading, where to go when you get to the end of a line of text, to point to a word, and to point to a letter. Ask them to count how many words are in a particular sentence. **Students must complete 3 RAZ Kids books & accompanying activities a week and document on reading log.**

Math: Worksheets (due by Friday).
